

Your peace of mind.

Platinum Healthcare has a long history of providing quality care services that treat each person as a unique individual.

Our "Assistance for Life" approach ensures your CAREgivers are person focussed.

Your independence, dignity, individuality and quality of life are our primary focus. We know that a little bit of help makes all the difference.

Your enquiries and questions are addressed swiftly, because when assistance is required, it needs to be organised quickly and with little fuss.

What some of our clients are saying:

"They treat my 90 year old mother with great respect and gentleness. I feel that when I need extra help they are always there to support me too."

(Maureen, Kensington, Daughter)

"I am very happy with Platinum Healthcare; I cannot fault them. It's not an easy ask to do what they do ... I really appreciate that they manage to maintain regular staff and I've always been able to have what I wanted."

(Ros, Atwell, Mother)

Call us.

We're here to listen to you and guide you.

We'll explain how aged care works and what options are available to you.

Then we'll help you choose the best care options.

Home Care

Because there's no
place like home.

www.platinumhealthcare.com.au

Home sweet home.

We understand that being able to stay in your own home can make a huge difference to your physical and mental well-being and improve your quality of life.

As the saying goes 'home is where the heart is' and when someone is unwell or frail it's the perfect place for recovery and rest.

" It's your sanctuary where familiarity is comforting and memories are real "

Platinum's home care services will bring you peace of mind and relieve the stress of doing everything yourself.

Our promise to you is a quality professional service delivered by appropriately trained care workers who are reliable, punctual and, most importantly, friendly!

"The team at Platinum are without exception the most helpful and supportive group of people I have met in the field of aged care."

Leslie (Daughter of client)
